Total Care Solution ....

PRODUCT PORTFOLIO

About Our Division

Total Care Solution (TCS) operates as an advanced, high-growth pharmaceutical powerhouse dedicated to manufacturing and distributing premium-grade therapeutics worldwide. Our mission is to bridge the gap between high-tech pharmaceutical innovation and global accessibility.

Our Quality Moat

Global Standards: Every formulation is processed in state-of-the-art facilities engineered to meet standards.

Data Integrity & QC: Strict multi-tier quality control labs monitor operations from active pharmaceutical ingredient (API) synthesis to final product packaging.

Supply Continuity: Advanced logistical networks ensure stable, on-time global delivery and resilient supply chains.

Advanced Analgesics & Pain Management

- **Name:** Zisol - SP
- **Composition:** Aceclofenac IP + Paracetamol IP + Serratiopeptidase IP
- **Dosage Form:** Film-Coated Tablet
- **Packaging:** 20x10 Alu-Alu
- **Indications:** Triple-action formula for post-operative pain, traumatic inflammation, and bone-joint tissue healing.

- **Name:** Forfit Tablets
- **Composition:** Diclofenac Potassium BP + Paracetamol IP + Cetirizine Hydrochloride IP + Magnesium Trisilicate IP
- **Dosage Form:** Uncoated Coated Tablet
- **Packaging:** 20x2x10 Blister Pack
- **Indications:** Comprehensive multi-symptom body pain and allergic cold relief, fortified with an antacid shield to protect the gastric mucosa.

- **Name:** Ultraaid - AC Tablets
- **Composition:** Aceclofenac IP + Paracetamol IP + Tramadol Hydrochloride IP
- **Dosage Form:** Film-Coated Tablet
- **Packaging:** 20x10 Blister Pack
- **Indications:** Intensive dual-action central and peripheral analgesic for managing severe acute musculoskeletal pain and post-surgical recovery.

- **Name:** Ultraaid Tablets
- **Composition:** Tramadol Hydrochloride USP + Acetaminophen (Paracetamol) IP
- **Dosage Form:** Film-Coated Tablet
- **Packaging:** 10x2x15 Blister Pack
- **Indications:** Synergistic synaptic and peripheral pain management indicated for moderate-to-severe acute pain conditions.

Advanced Analgesics & Pain Management (Part 2)

- **Name:** Zisol - P
- **Composition:** Aceclofenac IP 100mg + Paracetamol IP 325mg
- **Dosage Form:** Film-Coated Tablet
- **Packaging:** 20x10 Blister Pack
- **Indications:** First-line NSAID combination for rapid relief from acute musculoskeletal pain, fever, and inflammatory dental conditions.

- **Name:** Dool - 650
- **Composition:** Paracetamol IP 650mg
- **Dosage Form:** Uncoated Tablet
- **Packaging:** 20x15 Blister Pack configurations
- **Indications:** The global healthcare benchmark for rapid antipyretic action (fever reduction) and mild-to-moderate systemic pain relief.

- **Name:** Soucam - 20 Capsules
- **Composition:** Piroxicam IP 20mg
- **Dosage Form:** Hard Gelatin Capsule
- **Packaging:** 20x10 Blister Pack
- **Indications:** High-potency, long-acting NSAID specifically indicated for chronic arthritic pain, osteoarthritis, and ankylosing spondylitis.

- **Name:** Cetsol Tablets (Violet)
- **Composition:** Paracetamol IP 500mg
- **Dosage Form:** Uncoated Tablet
- **Packaging:** 10x5x10 Blister Pack
- **Indications:** The global healthcare benchmark for rapid antipyretic action (fever reduction) and mild-to-moderate systemic pain relief.

- **Name:** Cetsol Tablets
- **Composition:** Paracetamol IP 500mg
- **Dosage Form:** Uncoated Tablet
- **Packaging:** 10x5x10 Blister Pack
- **Indications:** The global healthcare benchmark for rapid antipyretic action (fever reduction) and mild-to-moderate systemic pain relief.

Men's Health & Lifestyle Performance

- **Name:** To-Do Tablets
- **Composition:** Tadalafil IP + Dapoxetine Hydrochloride IP
- **Dosage Form:** Film-Coated Tablet
- **Packaging:** 20x4 Premium Blister
- **Indications:** Premium dual-action fixed-dose combination engineered to manage both vascular performance and stamina simultaneously.

- **Name:** JIAGRA - 100
- Composition: Sildenafil Citrate IP eq. to Sildenafil 100mg
- **Dosage Form:** Film-Coated Tablet
- **Packaging:** 20x4 Blister Pack
- **Indications:** Selective PDE5 inhibitor indicated for vascular smooth muscle relaxation and male erectile health management.

- **Name:** Varifun - 20mg
- **Composition:** Vardenafil Hydrochloride IP eq. to Vardenafil 20mg
- **Dosage Form:** Film-Coated Tablet
- **Packaging:** 10x1x4 Blister Pack
- **Indications:** High-potency, fast-acting selective PDE5 inhibitor optimized for rapid absorption and robust vascular response.

- **Name:** Varifun Gold
- **Composition:** Vardenafil IP + Dapoxetine Hydrochloride IP
- **Dosage Form:** Film-Coated Tablet
- **Packaging:** 10x1x4 Blister Pack
- **Indications:** Next-generation, high-potency lifestyle synergy designed for advanced male wellness and maximum physiological control.

Preventative Wellness & Micronutrient Therapy

- **Name:** Mincee - Z
- **Composition:** Ascorbic Acid IP + Zinc Sulphate IP
- **Dosage Form:** Chewable Tablet
- **Packaging:** 10x15 Strip Packs
- **Indications:** High-potency daily antioxidant therapy to stimulate collagen synthesis, boost cellular immunity, and accelerate viral resistance.

- **Name:** Becoplex Tablets
- **Composition:** Thiamine Mononitrate IP + Riboflavin IP + Cyanocobalamin IP
- **Dosage Form:** Film-Coated Tablet
- **Packaging:** 50x10 Blister Pack
- **Indications:** Targeted neurotropic vitamin complex indicated for managing peripheral neuropathies, neural regeneration, and systemic metabolic balance.

- **Name:** Becapsule
- **Composition**: Therapeutic combination of B-Vitamins (Thiamine, Riboflavin, Cyanobalamin)
- **Dosage Form:** Hard Gelatin Capsule
- **Packaging:** 12x15 Blister
- **Indications:** Essential metabolic enhancer designed to support cellular energy production, optimize red blood cell counts, and combat fatigue.

Preventative Wellness & Micronutrient Therapy (Part Two)

- **Product Name:** Multibion Forte
- Composition: Thiamine Mononitrate IP, Riboflavin IP, Pyridoxine Hydrochloride IP, Cyanocobalamin IP, Niacinamide IP, Calcium Pantothenate IP.
- **Dosage Form:** Film-Coated Tablet
- **Packaging:** 10 x 5 x10 Blister Pack
- **Therapeutic Use:** Nerve Care: Treats nerve pain, numbness, and tingling (diabetic neuropathy, sciatica) by supporting myelin sheath repair.Energy & Recovery: Combats fatigue and weakness by boosting cellular metabolism (ATP production).Deficiency Support: Corrects nutritional gaps caused by illness, malabsorption, or long-term medication use.Oral Healing: Rapidly heals painful mouth ulcers and cracks at the corners of the mouth.

- **Name:** Itzole - 100mg
- **Composition:** Itraconazole IP 100mg (as sustained-release pellets)
- **Dosage Form:** Hard Gelatin Capsule (with Pellets)
- **Packaging:** 10x1x10 Blister Pack
- **Indications:** Broad-spectrum systemic triazole antifungal indicated for deep and superficial dermatological infections, candidiasis, and persistent nail fungal conditions.

- **Name:** Itazole - 200mg
- **Composition:** Itraconazole IP 200mg (as sustained-release pellets)
- **Dosage Form:** Hard Gelatin Capsule (with Pellets)
- **Packaging:** 10x1x10 Blister Pack
- **Indications:** Broad-spectrum systemic triazole antifungal indicated for deep and superficial dermatological infections, candidiasis, and persistent nail fungal conditions.

- **Name:** Cyptin Tablets
- **Composition:** Cyproheptadine Hydrochloride IP 4mg
- **Dosage Form:** Uncoated Tablet
- **Packaging:** 20x50 Strip Pack
- **Indications:** Multi-action antihistamine and anti-serotonergic agent clinically utilized as a potent appetite stimulant for nutritional recovery and managing chronic pruritus.

- **Name:** Betasoul
- **Composition:** Betamethasone Sodium Phosphate IP
- **Dosage Form:** Uncoated
- **Packaging:** 10x3x20 Strip Pack
- **Indications:** High-potency systemic corticosteroid indicated for severe acute inflammatory conditions, deep-seated dermal allergies, and acute arthritic flare-ups.

- **Name:** Cyptin Tablets
- **Composition:** Cyproheptadine Hydrochloride IP 4mg
- **Dosage Form:** Uncoated Tablet
- **Packaging:** 40x15 Blister
- **Indications:** Multi-action antihistamine and anti-serotonergic agent clinically utilized as a potent appetite stimulant for nutritional recovery and managing chronic pruritus.

Product Name: Ziffe Plus Tablet
Composition: Cetirizine Hydrochloride, Phenylephrine Hydrochloride & Bromhexine Hydrochloride
Dosage Form: Uncoated Tablet
Packaging: 20 Strips of 20 Tablets each (Strip Pack)
Therapeutic Use: Allergic Cold & Decongestion: Provides fast relief from nasal congestion, watery eyes, and sneezing caused by allergies or respiratory infections.
Mucus Clearance: Bromhexine acts as a mucolytic to break down viscous bronchial secretions for easier clearance.

- **Product Name:** Q-rax Advance (Cough & Cold Tablet)
- **Composition:** Paracetamol 325 mg, Phenylephrine HCl 5 mg, Ambroxol HCl 15 mg, Guaiphenesin 50 mg & Cetirizine HCl 5 mg
- **Dosage Form:** Uncoated Tablet
- **Packaging:** 20 Alu-Alu Strips of 10 Tablets each
- **Therapeutic Use:** Multi-Symptom Cold & Cough Relief: Alleviates fever, body ache, nasal congestion, runny nose, and sneezing.Clears chest congestion by loosening and thinning thick airway mucus.

Product Name: Levzin Tablets
Composition: Levocetirizine Hydrochloride IP 5 mg
Dosage Form: Uncoated Tablet
Packaging: 20 Alu-Alu Strips of 10 Tablets each
Therapeutic Use: Second-Generation Antihistamine: High-affinity treatment for chronic urticaria, allergic skin conditions, and perennial allergic rhinitis.
Fast & Targeted Relief: Inhibits H1 histamine receptors quickly to eliminate itching, watery eyes, and runny nose.

- **Name:** Lopfen
- **Composition:** Loperamide Hydrochloride IP 2mg
- **Dosage Form:** Hard Gelatin Capsule
- **Packaging:** 50x10 Blister Pack
- **Indications:** Ultra-rapid antimotility agent indicated for the symptomatic control and management of acute, non-specific diarrhea.

- **Product Name:** Monte-L Tablet
- **Composition:** Montelukast Sodium IP 10 mg & Levocetirizine Hydrochloride IP 5 mg
- **Dosage Form:** Film-Coated Tablet
- **Packaging:** 20 Alu-Alu Strips of 10 Tablets each
- **Therapeutic Use:** Allergic Rhinitis & Asthma: Effectively relieves seasonal allergic symptoms such as sneezing, runny nose, and itching.Prevents airway inflammation and bronchospasm for easier breathing in asthmatic or allergic conditions.

- **Name:** *BILASTINE & MONTELUKAST TABLETS*
- **Composition:** *Each film-coated tablet contains:*
- *Bilastine IP 20 mg*
- *Montelukast IP 10 mg*
- **Dosage Form:** *Film-Coated Tablet*
- **Packaging :** *20 x 10 Alu-Alu*
- **Therapeutic Use & Indications:** *Next-generation, non-sedating dual-action formula for advanced allergic disorders. It combines a potent second-generation antihistamine (Bilastine) with a leukotriene receptor antagonist (Montelukast) to provide comprehensive relief from allergic rhinitis, persistent sneezing, nasal congestion, and associated asthma symptoms.*

- **Name:** Lopfen
- **Composition:** Loperamide Hydrochloride IP 2mg
- **Dosage Form:** Hard Gelatin Capsule
- **Packaging:** 10x5x20 Blister Pack
- **Indications:** Ultra-rapid antimotility agent indicated for the symptomatic control and management of acute, non-specific diarrhea.

- **Name:** Zinact
- **Composition:** Cetirizine Hydrochloride IP 10mg
- **Dosage Form:** Film Coated
- **Packaging:** 10x8x10 Blister Pack
- **Indications:** Indicated for rapid, 24-hour multi-symptomatic relief from:Seasonal & Perennial Allergic Rhinitis (sneezing, runny nose, itchy/watery eyes)Chronic Idiopathic Urticaria (hives, skin rashes, and systemic itching)Allergic conjunctivitis and insect bite reactions

- **Product Name:** Meth-4 Tablet
- **Composition:** Methylprednisolone IP 4 mg
- **Dosage Form:** Uncoated Tablet
- **Packaging:** 20 Alu-Alu Strips of 10 Tablets each
- **Therapeutic Use:** Low-Dose Anti-inflammatory: Manages mild-to-moderate inflammatory, rheumatic, and autoimmune conditions. Targeted Steroid Support: Reduces localized tissue swelling, immune reactions, and chronic flare-ups.

- **Product Name:** Meth-8 Tablet
- **Composition:** Methylprednisolone IP 8 mg
- **Dosage Form:** Uncoated Tablet
- **Packaging:** 20 Alu-Alu Strips of 10 Tablets each
- **Therapeutic Use:** Anti-inflammatory & Immunosuppressive: Controls severe inflammation in conditions like rheumatoid arthritis, severe allergies, asthma, and dermatological disorders.Rapid Immune System Control: Reduces tissue swelling, redness, and hyper-immune allergic responses.

Gastrointestinal Care Solutions

- **Name:** *Sokool - DSR*
- **Composition:** *Rabeprazole Sodium IP 20mg (Enteric-Coated) + Domperidone IP 30mg (Sustained-Release)*
- **Dosage & Packaging:** *Hard Gelatin Capsule | 20x10 Alu-Alu*
- **Therapeutic Use:** *Rapid-acting anti-ulcerative combination providing ultra-fast relief from acid reflux, erosive esophagitis, and gastric fullness.*

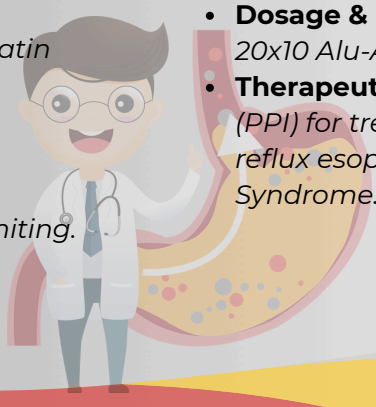

- **Name:** Panzovia-D
- **Composition:** *Pantoprazole Sodium IP 40mg + Domperidone IP 10mg / 30mg*
- **Dosage & Packaging:** *Enteric-Coated Tablet | 20x10 Alu-Alu*
- **Therapeutic Use:** *Indicated for patients suffering from chronic gastritis, sour eructation (burps), and upper digestive tract motility disorders.*

- **Name:** *Panzovia-DSR*
- **Composition:** *Pantoprazole Sodium IP 40mg (Enteric-Coated) + Domperidone IP 30mg (Sustained-Release)*
- **Dosage & Packaging:** *Hard Gelatin Capsule | 20x10 Alu-Alu*
- **Therapeutic Use:** *Advanced management of severe GERD, dyspepsia, and hyperacidity accompanied by nausea or vomiting.*

- **Name:** Panzovia-40
- **Composition:** *Pantoprazole Sodium IP eq. to Pantoprazole 40mg*
- **Dosage & Packaging:** *Enteric-Coated Tablet | 20x10 Alu-Alu*
- **Therapeutic Use:** *Pure Proton Pump Inhibitor (PPI) for treating gastric/duodenal ulcers, reflux esophagitis, and Zollinger-Ellison Syndrome.*

Gastrointestinal Care Solutions (Part Two)

- **Product Name:** MEFENAMIC ACID & DICYCLOMINE HYDROCHLORIDE TABLETS
- **Composition:** Mefenamic Acid IP, Dicyclomine Hydrochloride IP.
- **Dosage Form:** Uncoated Tablet
- **Packaging:** 10 x 10 Blister Pack / 10 x 10 Strip Pack
- **Therapeutic Use: *** Spasm & Colic Relief: Relieves severe abdominal cramps, intestinal colic, and smooth muscle spasms in the gastrointestinal tract.Menstrual Pain: Highly effective for managing spasmodic dysmenorrhea (painful periods) and pelvic cramping.Dual Action: Combines an anticholinergic antispasmodic (Dicyclomine Hydrochloride) to relax muscles with an NSAID (Mefenamic Acid) to block pain-causing prostaglandins.

- **Product Name:** Domtab (Domperidone Tablets IP)
- **Composition:** Domperidone IP
- **Dosage Form:** Uncoated Tablet
- **Packaging:** 50 Strips of 10 Tablets each
- **Therapeutic Use:**Nausea & Vomiting Relief: Effective in treating nausea and vomiting associated with gastrointestinal conditions.Enhances gut motility and accelerates gastric emptying to relieve fullness, bloating, and upper abdominal discomfort.

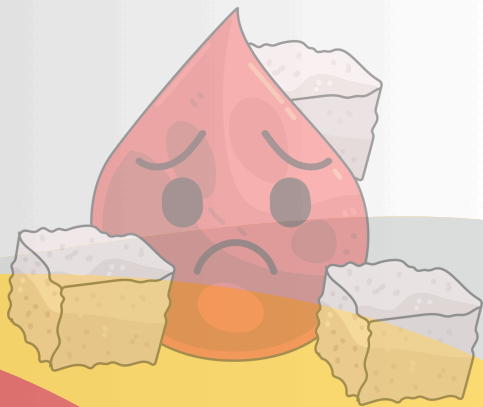

- **Name:** Glyme-1K
- **Composition:** Metformin Hydrochloride IP 1000mg
- **Dosage & Packaging:** Sustained-Release Uncoated Tablet | 10x10 Blister Pack
- **Therapeutic Use:** Oral hypoglycemic biguanide indicated as a first-line treatment to maintain glycemic control in Type 2 Diabetes Mellitus.

Loose Packs

- **Product Name:** FAMO-20
- **Composition:** Famotidine 20 mg IP.
- **Dosage Form:** Film-Coated Tablet
- **Packaging:** Loose Pack of 100 Tablets
- **Therapeutic Use:** * Acid Inhibition (H_2 Blocker): Natively blocks histamine-2 receptors in the stomach to suppress excessive gastric acid production,Ulcer. Reflux Relief: Provides fast-acting relief from chronic heartburn, sour stomach, and acid indigestion.

- **Product Name:** DESONA
- **Composition:** Dexamethasone 0.5 mg IP.
- **Dosage Form:** Uncoated Tablet
- **Packaging:** Loose Pack of 100 Tablets / Box (HDPE Container)
- **Therapeutic Use:** * Potent Anti-Inflammatory: High-potency systemic glucocorticoid that rapidly suppresses severe localized and systemic inflammation.Allergy Control: Manages acute, life-threatening allergic states, bronchial asthma, and drug hypersensitivity reactions.
